

Touchless Edge Control Upgrade

Simple and Intuitive Edge Control

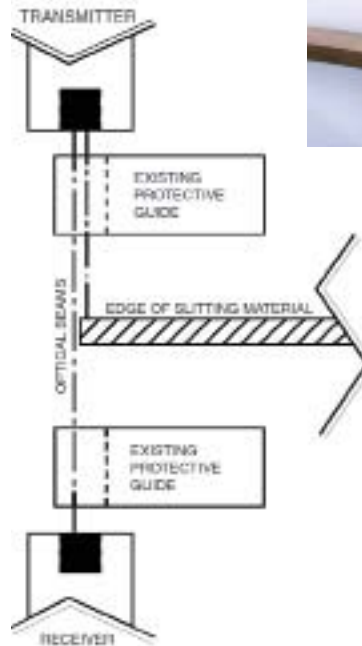

Reduced Maintenance Costs ■ Increased Performance ■ Reliable ■ Accurate

Touchless Edge Control

This affordable upgrade integrates with your current edge system, installs quickly and comes with detailed installation instructions along with all the components needed to make the conversion. The major benefits of Chicago Slitter's touchless edge control upgrade are reduced maintenance costs and increased performance of your slitting system.

Additional features and benefits of our touchless edge control upgrade include:

- Non-contact sensors
 - Will not damage edge of thin gauge material
 - Decreases rejected coils due to damage
- Works with existing Chicago Slitter edge control system
 - No additional expensive hydraulic valves or piping required
 - Easy to install
 - Less expensive than other edge control systems
- Fiber optic signal
 - High accuracy, +/- 1/32"
 - Easy to adjust
- Protected and durable sensors
 - Less susceptible to damage
 - Reliable
- No moving parts
 - Minimal maintenance

Chicago Slitter also offers a courtesy analysis of your material handling system to ensure success in handling larger, heavier coils. For more information about investing in this upgrade to increase productivity, or to schedule a courtesy visit, call us at [630-875-9800](tel:630-875-9800), or visit our web site at www.chicagoslitter.com
